

September 12, 2007

Martha Martin, Ph.D.,
President, Concerned Citizens In Action (CCIA)
P.O. Box 64, Washougal, WA 98671

We acknowledge the receipt of your letter and comments on the FAQs received September 10, 2007. The FAQs, as presented at the August 22, 2007, regular Port of Camas-Washougal Commission Meeting, accurately reflected answers to a majority of the frequently asked questions posed by the general public and the CCIA, with information as available to the Port at the time. The FAQs also articulated the position of the current Port of Camas-Washougal Board of Commissioners.

We appreciate the CCIA questions that were presented to the Port Commission on July 16, 2007. The CCIA questions have certainly added to the FAQs project that was already in progress following the release of the WAC Final Report in early June. The FAQs will be updated as information becomes available.

We are currently working on a draft master plan and a Master Development Agreement (MDA) that will further outline the next steps for the proposed waterfront redevelopment project. The Port Board of Commissioners fully supports the Waterfront Advisory Committee's recommendations, requiring them to be incorporated into any master development plan that might be approved. Additional public information material and meeting(s) are being considered and planned as appropriate to communicate this proposed community project.

At this time, we have no further information and will not have an open discussion to add to the agenda for the September 17th Commission Meeting as you requested. The Port of Camas-Washougal is committed to an open public process and we will make available appropriate information as we receive it. Please feel free to subscribe to the proposed project's e-bulletins at www.portcw.com/distributions/subscribe.php or watch for notices in the local newspapers on the progress of this proposed project.

Thank you for your input.

Sincerely,

Alan Hargrave
President, Port of Camas-Washougal Board of Commissioners

Cc: Sherrie Ard, Assistant State Auditor
Waterfront Advisory Committee
